

Lee Statue,

The statue is a part of our nation's history. It is important to keep history alive. Therefore, the statue should stay! It doesn't need to be replaced! It has been there for 100+ years! It is serving its purpose by reminding us of the struggles our country has had to go through.

The statue should stay another 100+ years to continue reminding us of our nation's struggles, history, and breakthroughs! Our children and grandchildren need to see that statue!

Sincerely,

Wendy Berry
